CUSTOMER SERVICE / SALES / BACKSHOP / INSTRUCTOR**Mechanical Aptitude / Advanced Woodworking / Customer Service /
Public Interaction / Coach – Educator / Research & Development / Sales**

SELECTED ACHIEVEMENTS & SKILLS

- **Carbon Composite Experience.** Thanks to my ski building experience, I was given the opportunity to join Wolf Composite Solutions as a paid intern. I successfully gained knowledge in all aspects of the Carbon Fiber Industry and participated on many project teams. Most notably, developing prototype parts for Honda U.S.A..
- **Back Shop and Sales.** Ski & board technician for Play It Again Sports. Completed tech certification encompassing mounts and release checks. Responsible for all back shop duties as well as general sales associate and customer service duties for all sports.
- **Successfully Developed Personal Ski Brand.** Began as a project in Advanced Woodshop with special permission from my teacher. Researched and planned initial ski design, Developed both a manual vise activated ski press and a vacuum press, purchased materials such as P-tex base, metal edge, fiberglass webbing, epoxy, and select woods. Hand cut many parts of the ski's because tools containing the technology I needed were not available in the school wood shop. Designed and applied all graphics to the wood top sheet skis. Worked closely with Aspen Ski & Board employees during base grinds. I also mounted bindings at Adams Ski and Snowboard. EZ Ski Company was born during the 2012-13 season. Visit ezskis.com.
- **MRM Ski Instructor.** Proving my responsibility and ability to publicly interact with people of all ages and abilities at a young age, I was hired by Mad River Mountain to teach ski lessons before I could drive. I have the benefit of over two years of professional training by PSIA certified Education Staff and Coaches. Due to my teaching development, I taught through advanced intermediate classes in the adult program. Many instructors at my age were only allowed to teach in the children's program.
- **Strong community presence with City of Upper Arlington.** I have been working every summer for the past three years with the City of Upper Arlington Police Department as a Teacher's Assistant in their Safety Town program. In this program, we teach kids age 5-7 about Fire, Water, Bicycle, Poison, and Public safety. The program is very popular with parents in U.A. as a way to educate their kids on how to be prepared and safe both in day to day activities and emergencies.
